QUEENSLAND

To Whom It May Concern

Spence Consulting Public Relations & Marketing have been helping us with public relations and marketing services for the past four years and remain a preferred consultant to this firm.

A highlight for us was assistance with promotion of the 75<sup>th</sup> Anniversary of Stacks/The Law Firm involving production within tight guidelines of an historic newspaper which chartered the history of the firm from its foundation until the present time and production of a 30 minute DVD presentation for guests at the gala Sydney Town Hall event.

These Productions drew favourable comment from the Chief Justice of Australia The Honourable Murray Gleeson QC and from the Deputy Prime Minister Mark Vaile. The anniversary was covered by The Australian, the Australian Financial Review and wide ranging regional media.

Rod Spence and his staff have helped to build the profile of the firm by negotiating the publication of weekly media columns in newspapers published in areas extending from western NSW to the coastal region including Newcastle and have also prepared articles for these newspapers over an extended period of time.

They have also assisted with strategic advice from time to time including a comprehensive strategy for Stacks/Taree.

The assistance we have received over the last four years has been of a consistently high standard. We have no hesitation in recommending Rod and his team.

Yours faithfully,

  
Maurie Stack
